Welcome to the latest edition of our Stainless Ware Brochure

Welcome to the latest edition of the Sampling Systems
Stainless Ware Brochure.

The feedback and comments of our customers have enabled us
to continue to add new products and equipment to our range,
which we believe to be our most comprehensive to date.

Over 50 new products have been added to our catalogue.
These include a new range of heavy duty containers with
toggle latches, new sizes of containers with tri ferrule lids and
GL45 style lids, powder funnels etc...

We continue to place great emphasis on the development of
innovative and advanced devices.

Our range is consistently developing and expanding, and we
are also able to manufacture custom items on request.

Next day delivery is offered for 95% of our expansive product
catalogue, with over one million items currently in stock. We
assure the highest standards of quality, with full material
certification available upon request.

Contact a member of our team if you require more information.
We look forward to hearing from you.

CONTAINERS With Tri Ferrule Clamped Lids

The Sampling Systems range of containers with tri-ferrule fittings are a very popular range for pharmaceutical, chemical and food industries. The high quality finish and 316L stainless steel construction make them ideal for most applications.

The tri ferrule lid profile means they have a robust lid system that also has the advantage that it can be clamped to other tri clamp systems. This gives a dust tight connection system.

The containers can also be electro-polished as an option.

Stainless Containers (50mm Top Diameter)

The A836 range are a popular selection of containers. Ideal for storing powders and liquids.

The 2" tri ferrule style lid allows it to be clamped to anything with the same profile.

The robust clamped lid gives a powder and water tight fit.
